MEMORANDUM FOR: Director of Logistics

29 DEC 1964

SUBJECT: Renewal of External Contract on "Analysis of ELINT Signals Which May be Related to the [redacted] 25X1D0a

25X1A5a1

1. The existing contract with [redacted] 25X1A5a1 began on 22 June 1964 and is scheduled to terminate on 22 January 1965. However, the analysis called for in the basic contract was completed early in December, approximately one month ahead of schedule. At that time the funds allocated to this contract were expended. During the course of the contract, the contractor has produced and published one major technical report and several memoranda of importance. The major technical report was concerned with the detailed analysis of the [redacted] 25X1D2a This report and the memoranda have provided a 25X1D2a valuable input to the Agency effort in analysis of [redacted] 25X1D0a 25X1D0a

2. In order to exploit more fully the data already available to the contractor, the contract is to be renewed from the date of negotiation through 30 June 1965. The type of work will be in general the same as that done on the existing contract. 25X1A1a

3. The expenditure of [redacted] from vouchered funds 25X1A5a1 25X1A5a1 is approved for this contract with the [redacted] Funds in this amount are available from the FY 1965 operating budget for the Office of Scientific Intelligence.
